Education

PhD, Integrative Biology 2024–present
LSU New Orleans (formerly the University of New Orleans) · Advisor: Dr. Cheng Shi

B.S., Molecular Biology 2024
University of New Orleans

Research Positions

Graduate Research Assistant 2025–present
Shi Lab, Department of Biological Sciences, LSU New Orleans

Honors and Selections

AGE VOYAGER Training Award
American Aging Association

Selected participant, Introduction to Metabolomics Analysis 2026
EMBL-EBI, Wellcome Genome Campus, Hinxton, UK · one of 30 participants selected worldwide

Training

Introduction to Metabolomics Analysis Apr–May 2026
EMBL-EBI, Hinxton, UK

Presentations

Poster: *icl-1* and trehalose in acute stress survival in *C. elegans* 2026
Introduction to Metabolomics Analysis, EMBL-EBI, Hinxton, UK

Teaching and Mentoring

Teaching Assistant, Cellular and Molecular Biology
University of New Orleans

Mentor to undergraduate researchers 2025–present
Shi Lab, LSU New Orleans

Technical Skills

- *C. elegans* husbandry, lifespan and healthspan assays, acute heat and cold stress assays
- Oil Red O staining; microscopy on the Olympus IX85 with cellSens
- Image analysis: CellProfiler, ImageJ/Fiji
- Data analysis: Python, GraphPad Prism
- Untargeted metabolomics; single-cell RNA-seq analysis

Memberships

- American Aging Association
